Water, Wastewater & Reuse Engineers

July 20, 2009

MINDA MORRIS JOINS RICHARD P. ARBER ASSOCIATES

LAKWOOD, COLORADO – Richard P. Arber Associates is pleased to welcome Minda Morris as a Design Engineer. “The addition of Minda to our engineering staff group strengthens Arber’s ability to provide clients with continued excellence in planning, design and construction administration services for water and wastewater systems,” said Rick Arber, company president.

Minda joins Arber Associates as a design engineer following her internship with Arber in 2008. Minda received her B.S. in Engineering with an Environmental specialty from the Colorado School of Mines. Minda said, “I am happy to be back at Arber. I am excited to learn more about engineering and get more involved with projects.” Minda is currently working on the Upper Thompson Sanitation District’s Wastewater Utility Master Plan.

The addition of Minda Morris will help Arber Associates remain the leading provider of water, wastewater and water reuse services in the Rocky Mountain Region. Founded in 1981, Arber Associates is a professional consulting engineering firm serving municipal, special district, and federal clients. The employee-owned firm provides planning, design, construction administration, and alternative project delivery services for water, wastewater and reuse treatment systems. For more information regarding Arber Associates please contact Steve Ravel at 303-831-4700 or sravel@arber.com.
