Water, Wastewater & Reuse Engineers

MARK YOUKER JOINS RICHARD P. ARBER ASSOCIATES

LAKWOOD, COLORADO – Richard P. Arber Associates is pleased to welcome Mark Youker as a construction manager. “The addition of Mark to our Construction Services group strengthens Arber’s ability to provide excellence in client satisfaction and construction administration services,” said Rick Arber.

August 31, 2007

Mark has over fourteen years experience in construction observation, management and contract administration for water treatment and distribution and wastewater treatment and collection projects. Mark received his Bachelor of Science in Civil Engineering from Purdue University and is certified by the State of Colorado as a Class 3 Distribution and a Class 3 Collection Operator. “I’m excited to be joining the Arber team and look forward to providing high quality construction services to our clients,” Mark said.

Mark has provided water and wastewater construction services for Colorado entities including Littleton, Steamboat Springs, Aurora, YMCA of the Rockies, Superior Metropolitan District No. 1, Castle Rock, and South Suburban Park & Recreation District. Mark is currently providing construction observation of the Town of Eagle’s \$14 million wastewater treatment plant expansion project.

Founded in 1981, Arber Associates is a professional consulting engineering firm serving municipal, special district, and federal clients. The employee-owned firm provides planning, design, construction administration, and alternative project delivery services for water, wastewater and water reuse treatment systems. For more information regarding Arber Associates please contact Steve Ravel at 303-831-4700 or steve@arber.com.
